PROFESSIONAL SUMMARY

Diligent and motivated Entry-Level Software Engineer with a strong academic foundation in computer science and a passion for crafting efficient, innovative, and user-centered solutions. Proficient in various programming languages and eager to apply theoretical knowledge to practical projects. Quick learner with excellent problem-solving skills and a collaborative mindset, ready to contribute to a dynamic team and grow as a skilled software engineer.

TECHNICAL SKILLS

Languages: JavaScript, Node.js, HTML, CSS, Redux
Libraries & Frameworks: MongoDB/Mongoose, React, Express
Technologies & Other: Git, GitHub, Visual Studio, Code Sandbox, Repl.it, Project Management

EDUCATION

Software Engineering Training | Per Scholas | Remote   October 2023
Learn, build, and showcase expertise through comprehensive portfolio projects utilizing CRUD functionalities, Object Oriented Design, and test-driven programming

Clayton State University | Bachelor of Science in HealthCare Management   May 2012

RELEVANT PROJECTS

Front-End Application: *Tic Tac Toe Game*   07/2023
Javascript, HTML, CSS
- Created a dynamic and interactive Tic Tac Toe game using HTML, CSS, and JavaScript. This project showcases my proficiency in front-end web development and game logic implementation.

Front-End Application: *Weather Love Station*   08/2023
React, JavaScript,ES6, CSS, OpenWeatherMap API
- Developed a dynamic weather application using React.js to provide users with real-time weather information. This project demonstrated proficiency in front-end development, API integration, and state management within a modern web development framework.

Full Stack Application: *Drink Heaven*   09/2023
MongoDB, Express, React, Node (MERN stack)
- "Drinking Heaven" is a dynamic and user-friendly web application developed to cater to cocktail enthusiasts. This project showcases my skills in full-stack web development, offering a seamless user experience for managing user profiles and exploring a vast database of cocktail recipes from TheCocktailDB API.

WORK EXPERIENCE

Cross Country, Remote   04/2022 - present
RPO (Recruitment Process Outsourcing) Recruiter
- Execute full recruiting life cycle hiring 200 candidates of RN, MA, APRN, Pharmacy Tech, and non-clinical by leveraging multiple tools, including LinkedIn, Indeed, Zip Recruiter, Taleo, Workday, Erecruit, Handshake Tool
- Develop flowcharts, layouts, and documentation to identify requirements and solutions with 3 medical schools, increasing candidate numbers by 41%

- Apply recruiting principles to analyze, problem-solve and design a solution to increase hiring efficiency by 34%

HCA Healthcare, Remote   04/2017 - 04/2022
Recruiter
- Exceeded weekly key performance metrics of 120 cold calls, 250 emails and texts, 10 phone screens, and 3 hires
- Worked with department heads to understand their talent needs, and reduced the time-to-hire to fill those needs by 37%
- Crafted job ads, scheduled interviews, and managed up to 90 requisitions
